- I have had a great experience so far.
- Badges Earned:
- Rockstar for attentiveness

# About App..

- **Not applicable.**
- **It is an app that you use to generate stories based on an image you uploaded or your webcam.**

**How do I use the App?**

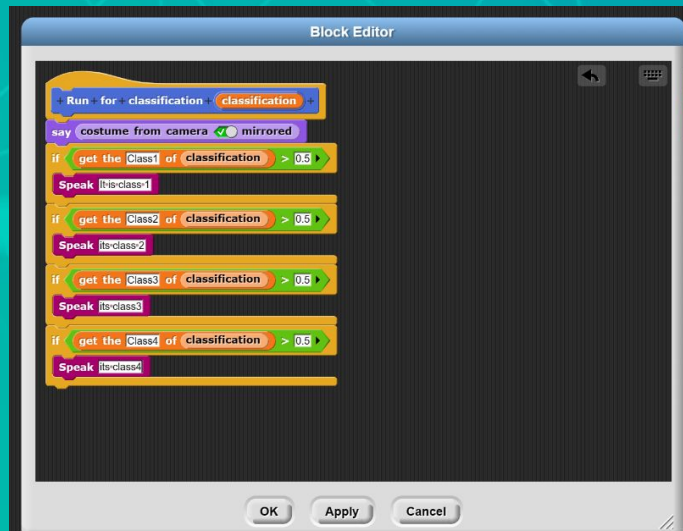

# Class 1

(This will be repeated for each option of the App)

- Based on your webcam or the image you uploaded, it will use one of these options. If Class 1 is selected, it will acknowledge its class 1.

- There are no risks while using this app.

# Class 2

(This will be repeated for each option of the App)

- Based on your webcam or the image you uploaded, it will use one of these options. If Class 2 is presented, it will say it is class 2 .
- There are no risks while using this app.

# Class 3

(This will be repeated for each option of the App)

- Based on your webcam or the image you uploaded, it will use one of these options. If Class 3 is selected, it will acknowledge its class 3.

- There are no risks while using this app.

# Class 4

(This will be repeated for each option of the App)

- Based on your webcam or the image you uploaded, it will use one of these options. If Class 4 is selected, it will acknowledge its class 4.

- There are no risks while using this app.
